

Welcome to Arizona Orthopedics

The goal of Arizona Orthopedics is to deliver the highest standards of orthopedic care to each patient. We believe each patient has specific and personal needs regarding their injury or complaint. Patients will receive an accurate diagnosis using state-of-the-art diagnostic techniques and the experience of fellowship trained physicians, the top professionals in their field.

We believe each patient is empowered and will be given a diagnosis and treatment plan specific to their needs. We at Arizona Orthopedics strive to continually improve our skills and knowledge in the quickly changing science of orthopedic surgery so we can offer our patients the newest treatment alternatives.

Thank you for choosing Arizona Orthopedics to be your healthcare provider. We hope to make your healthcare experience as pleasant as possible. Our goal is to meet all of your expectations and make your surgical experience a positive one.
